

## Press Release 4/26/06

The Rockland Ice Rink and the Bay State Breakers are planning to expand their facility and programs beginning fall 2007.

Family owned and operated, Rockland Ice Rink plans to break ground on it's new facility this spring. Although they have undergone recent renovations, this time they plan to go all out. Spending approximately 3 million dollars to expand and enhance the current facility. The addition will include a new 200' x 85' ice rink, a spacious new lobby, full service restaurant, locker rooms with attached showers, pro shop and a new weight training room.

The Breakers plan to expand their programs into the new facility by adding a single A level - mites through peewee's , as well as JR High School for both boys and girls. Making it an affordable hockey headquarters. This (in house) style league will offer games and practices at Rockland Ice Rink and Hobomock Arenas. Our focus will be on development, affordability and enjoyment for all boys and girls. This program will offer discounted rates for all USA hockey registered players who continue to play in their town programs.

The Rockland Ice Rink and Bay State Breakers are offering one stop shopping for all your ice hockey needs. We offer something for all ages, levels and price range.

Check back soon for additional updates.
